

Sanborn Head Sponsors EBC Eighth Annual New England “Talking Trash” Conference

APRIL 9, 2021

Sanborn Head is a proud sponsor of the EBC Eighth Annual New England “Talking Trash” Conference on April 9. Combining the EBC Talking Trash North and Talking Trash South Conferences for the first time, this conference will focus and reflect on the changing landscape of solid waste industry operations in New England.

The combined conference will consist of two parts. The first part will provide an opportunity to learn firsthand from the leadership of the major national solid waste companies operating in New England.

A second moderated panel will consist primarily of the leadership of those state, regional, and national solid waste associations active in New England, including SWANA, NRRRA, MassRecycle and NWRA. Speakers will emphasize their organization’s programs and strategies to address the larger pending solid waste management dilemma in New England.

The two moderated panel discussions will engage the audience and provide a deeper dive into the critical regional solid waste management issues.

General Continuing Education Certificates are awarded by the EBC for this program (3.0 training contact hours). Certificates are automatically provided via email link for registered attendees at the conclusion of the webinar.

To learn more and register as an attendee or sponsor, visit the [EBC website](https://www.ebcweb.org).
